

DESIGNER FABRICS

ALMEDAHL'S

Designer Fabrics from Rollease Acmeda

The Rollease Acmeda Designer Residential Fabric Collection offers a wide variety of roller shade fabrics to control sunlight while complimenting and accenting interior design features.

The collection offers fabric styles that range from transparent to blackout and solids to patterns. There are hundreds of designs and color variations to choose from.

The environmentally friendly Green collection is made of recycled material.

We also offer FR decorative fabrics for use in hospitality or other commercial markets.

With such a diverse offering, you can find fabric for any decor.

FEATURES

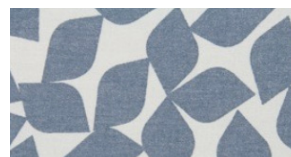

- Solids come in a wide variety of colors and opacities.
- Textures add visual interest to a room's setting.
- Patterns are unique and range from classic to modern.
- The Green collection is environmentally friendly and made of 100% recycled polyester.
