

# CONTRACT SERIES TWO

## LARGE OPEN ROLLER SHADES

Wire Free / Low Voltage 12V / Solar

The Wire-Free S60 integrates our lithium-ion / low voltage 12v powered tubular motor, in the heart of this robust, quiet roller shade system for large applications producing a modern motorized / automated solution and is completely self-sufficient when coupled with our Automate solar panel.

- Durable construction, modern design and Industrial aesthetic.
- Stylish single or multi-channel remote controls & smart phone compatibility.
- Compact and easily hidden in internal recesses.
- Dynamic light and heat control can aid in increasing energy efficiency.
- Levelling control; multiple shades finish in the same position for a premium aesthetic
- No need to charge, wired directly into the ceiling for consistent power supply.
- Single, linked, and angled link shade applications.
- Bracket features verticle adjustability.
- Max width of 18', max drop of 24' and capacity to cover areas up to 220sq ft.
- Can handle up to 20 nm motor torque.
- Tube spline fabric attachment available.

Match this solution with any of our sunscreen, blockout or high performance fabrics for a complete finished solution. See our document library for comprehensive information including HPD, LEED & NRC specifications.

### BRACKET COLOURS

### BATTERY MOTOR OPTIONS

**Automate Pulse Hub**  
[Smart Phone Control]

**Automate ARC Repeater**  
[Extends the ARC signal]

**Automate Remotes**  
[Hand held or wall mounts]

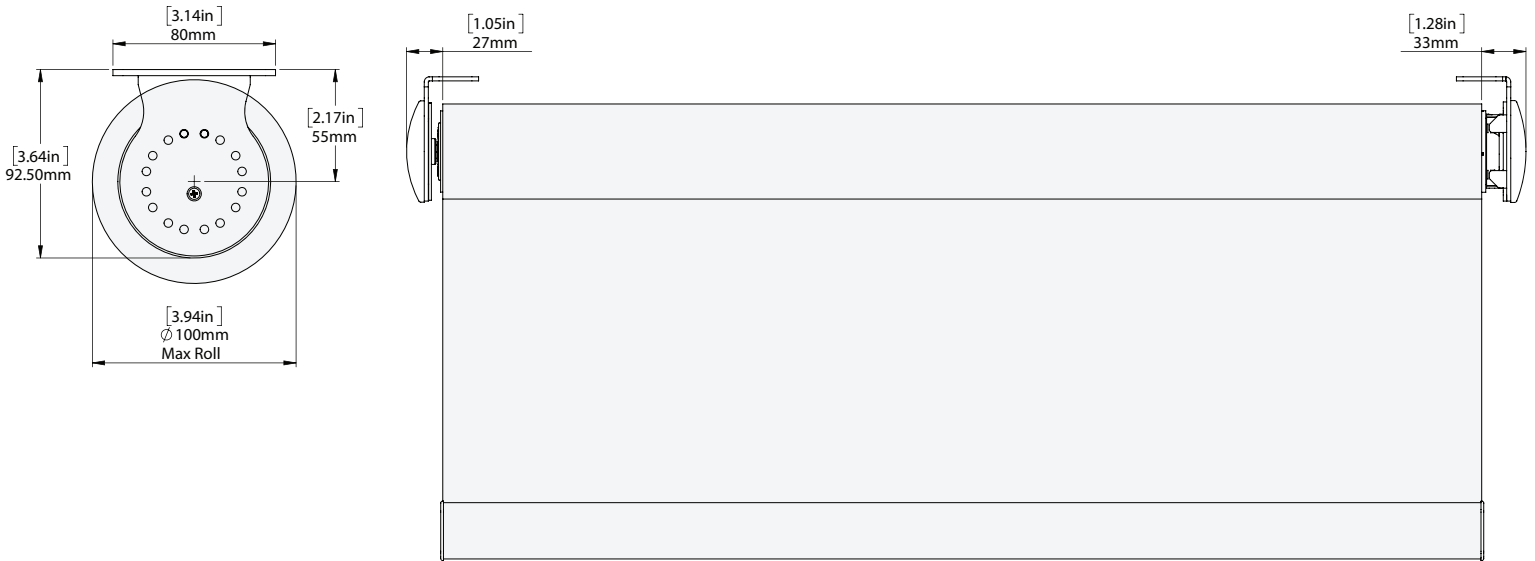

**Automate Sun Sensor**  
[Detects sunlight to control shade]

**DC Power Channel**  
[Provides power for 18 DC ARC motors]

## FRONT & SIDE VIEW

NOTE: LIGHT GAP INCLUDES BRACKET COVERS

## SCHEMATIC

## BOTTOM RAIL OPTIONS

### F4115 HEM BAR

### INTERNAL HEM BAR

### F56 HD HEM BAR

## TEM UPGRADES

### Recess

[for improved light blackout]

### Edge Side Channels

[for improved light blackout]

### Internal Wire Guide

[supporting complex shading systems]

### Fabric Switch System

[fast easy changing of fabric on a roller shade]
