

CONTRACT SERIES TWO

Medium Open Roller Shade

Wire Free / Low Voltage 12V

The Wire-Free S45 integrates our lithium-ion powered tubular motor, in the heart of the roller shade, producing a modern motorized solution and almost completely self-sufficient when coupled with our Automate solar panel. The S45 improves the energy efficiency, convenience and climate control of any project

- Durable construction, modern design and Industrial aesthetic.
- Stylish single or multi-channel remote controls & smart phone compatibility.
- Compact and easily hidden in internal recesses.
- Dynamic light and heat control can aid in increasing energy efficiency.
- ARCTM enabled, quiet operation.
- Levelling control; multiple shades finish in the same position for a premium aesthetic
- No need to charge, wired directly into the ceiling for consistent power supply.
- Single & linked shade applications.
- Max width of 120" (based on 120" drop). Capacity to cover areas up to 100 sqf.

Match this solution with any of our sunscreen, blockout or high performance fabrics for a complete finished solution. See our document library for comprehensive information including HPD, LEED & NRC specifications.

BRACKET COLOURS

BATTERY MOTOR OPTIONS

Automate Pulse Hub
[Smart Phone Control]

Automate ARC Repeater
[Extends the ARC signal]

Automate Remotes
[Hand held or wall mounts]

Automate Sun Sensor
[Detects sunlight to control shade]

DC Power Channel
[Provides power for 18 DC ARC motors]

FRONT & SIDE VIEW

NOTE: LIGHT GAP INCLUDES BRACKET COVERS

SCHEMATIC

BOTTOM RAIL OPTIONS

SYSTEM UPGRADES

L & I Clips

[for hidden recess mounts]

Edge Side Channels

[for improved light blackout]

Internal Wire Guide

[supporting complex shading systems]

Fabric Switch System

[fast easy changing of fabric on a roller shade]
