

AUTOMATE™

Solar Panel V2

Slimmer design and improved performance in low light, the new Automate Solar Panel offers an energy efficient upgrade for the entire Automate Wire-Free Li-ion range of motors.

RENEWABLE POWER

Environmentally friendly power maintains motor energy without the need of regularly charging.

SLIM DESIGN

Slim and contemporary design maintains an unobtrusive presence.

CRYSTAL TECHNOLOGY

Substantially increases solar ray absorption and efficiency of power conversion.

PLUG N' PERFORM

Harnesses solar power for both 5V and 12V Wire-Free Li-ion motors.

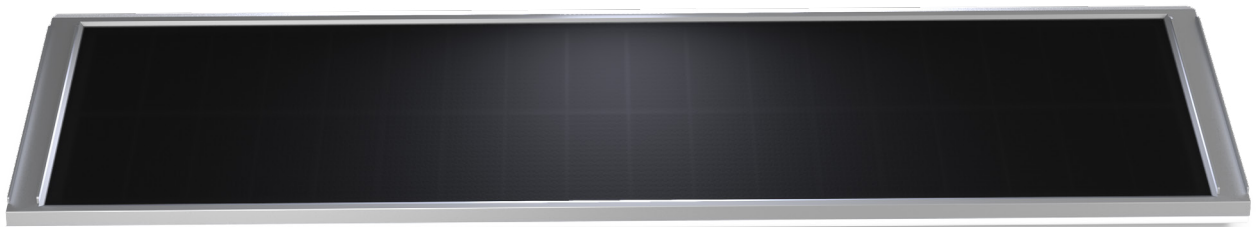

LOW LIGHT EFFICIENCY

Optimal performance even in low light circumstances.

MULTIPLE MOUNTING POINTS

Quick and easy to install on any shade application.

5 YEAR WARRANTY

ARC™ (Automate Radio Communication) is Rollease Acmeda's proprietary technology utilising 433MHz radio communication with bi-directional feedback that brings Automate motorised shading systems together.
